20 November 2019

Dear Valued Colleague,

**Mediterranean Ports and Shipping 2021**

**Exhibition and Conference**

**Valencia, Spain**

**Tuesday 5 to Thursday 7 October 2021**

To provide a networking opportunity between foreign and local investment in the Mediterranean region’s maritime transport infrastructure, the **Port of Valencia** is delighted to host the Mediterranean Ports and Shipping 2021 Exhibition and Conference in Valencia from Tuesday 5 to Thursday 7 October 2021.

Holding this event in Valencia will encourage Mediterranean ports, shipping and transport logistics trade and investment in the region.

A two days Conference Programme will feature **30** world-class conference speakers addressing topical issues and challenges for the Mediterranean region’s transportation and logistics infrastructure attended by a gathering of **300** senior executive harbour masters, harbour engineers, port engineers, maintenance supervisors and procurement decision makers together with the region’s leading shippers, cargo owners, importers / exporters, shipping lines, freight forwarders, logistics companies, ports, terminal operating companies, railway operators, port equipment and services suppliers from countries throughout the Mediterranean region.

There will be the commercial opportunity for a limited number of just **25** exhibitors and sponsors to network directly with delegates at this major annual international maritime transport Exhibition and Conference trade event for the Mediterranean region.

You are encouraged to reserve your first choice of exhibition stand from the exhibition floorplan and register a conference delegation while there is still availability!

We look forward to welcoming you to our beautiful country and to your participation at the Mediterranean Ports and Shipping 2021 Exhibition and Conference in Valencia from Tuesday 5 to Thursday 7 October 2021.

Yours sincerely,

Chairman & CEO
Meet The Speakers

Christian Blauert
Global Direct Port and Terminal Development, Moffatt & Nichol, United Kingdom

Christian Blauert is the Global Director in Port and Terminal Development for Moffatt & Nichol. Christian has over 25 years of experience within the maritime industry with a strong focus on container terminal developments, terminal management, automation projects and management-strategy as well as business development. Christian joined Moffatt & Nichol having held various C-suite roles, including CEO, for global terminal operators. During his time working for terminal operators, Christian led the businesses through significant organic and inorganic growth including the addition of several new container and multi-cargo concessions and capital works developments; both brown and greenfield. In a project context, Christian is a specialist in terminal planning, operational excellence and supply-chain integration, drawing on significant experience working for a broad range of port and terminal operators internationally. Christian also draws on extensive experience in terminal automation, having personally implemented several automation projects at container terminals.

Irene González Jauregui
Consultant, Royal HaskoningDHV, Spain

Ms. Irene González holds a MSc. Civil engineering and has 8 years’ global experience in port and logistics across Spain, Middle East and Latin America. Irene joined RHDDHV in 2018, after 3 years of port consultancy experience in the Spanish firm Idom Consulting. Areas of expertise include port strategy, commercial due diligences, market studies, port processes or cost evaluations; for different cargo types (containers, dry bulks, Ro-Ro, general cargo and passengers). Irene has worked in numerous projects for Spanish and Mediterranean ports, including Algeciras, Bilbao or Huelva ports.

Eva Pérez García
Director Port Planning and Management, Fundación Valenciaport, Spain

Eva Marta Pérez started her career at the Birmingham Business School (University of Birmingham), where she carried out projects in the field of industrial economics. From 2000 to 2004 she worked as Project Manager at the Institute of International Economics of the University of Valencia and in April 2004 she was hired as project manager by Fundación Valenciaport. She has worked for 20 years as researcher and manager of R&D projects in the fields of environmental sustainability of ports and shipping, net-zero strategic planning for ports, alternative fuels in the port-maritime logistics sector, maritime, the sea, and feasibility analyses of transport infrastructure and service projects. She is the Innovation Promotion and Environmental Sustainability Director of the Fundación Valenciaport. She holds a degree in Business Administration and Management from the University of Valencia (Spain) and a Master’s in Business Research from the Birmingham Business School, University of Birmingham (UK). She has good command of methods to carry out strategic plans, financial feasibility analyses, cost-benefit analyses, forecasting techniques, econometrics and good analyst skills. She has good communication skills acquired through her 15-year experience as a lecturer, participating in congresses, communicating with clients and presenting project results. She is currently coordinating the EU co-funded Green C-Ports project integrating 12 partners in the consortium and aiming at providing a set of digitalisation tools, technologies and emission measurement sensors to support port environmental sustainability and performance of port operations in the H2020-FCL-Networ.

Steve Wray
Technical Director, WSP, United Kingdom

Since June 2021 Steve has been Technical Director in The Maritime Advisory team, splitting my time based in both London and Manchester. He joined WSP in July 2016, where he has been responsible for maritime consultancy on a global basis. He has extensive experience in shipping, port and development projects, gained whilst working at Ocean Shipping Consultants and Royal Haskoning-DHV, in the consultancy field. Since becoming a consultant in 2007, Steve has produced numerous maritime studies related to the container industry and all other major shipping sectors, particularly in the African, Caribbean, Central America, South America, Canadian, Middle East, Mediterranean, Black Sea and Baltic regions.

Ferdinand Krijnsen
Hub Manager Sagunto, Toyota Logistics Services, Spain

Ferdinand Krijnsen. Working as hub manager in the Toyota Vehicle Logistics Compound in Sagunto, Spain. Born in Friesland, The Netherlands. Studied industrial engineering on the NLI in Leeuwarden. Over 20 years of operational experience in production logistics and finished vehicle logistics. Professional goal is to ensure the safe supply of the right quality, customised vehicles on time through an integrated TPS logistics network & operational excellence of members and partners for today and in the future by exceeding customer and stakeholder expectations.

Rafael Sapiña García
Chief Terminal Development Officer, Yilport Holding, Turkey

Rafael Sapiña GARCÍA was born in Spain where he received his bachelor’s degree in Industrial Engineering at Politecnical University of Valencia and received his master’s degree in Port Management and Multimodal Transport at the IPEC - Universitat Politècnica de València – Valencia. Since then, Rafael Sapiña GARCÍA worked at Condeminas with shipping agencies, logistics, and port operations; at Trasmediterránea - Aucona with the shipping lines as a Commercial Manager. Until 2013 he continued his career as a Director for shipping and Port Operators at Fundación Valenciaport. Rafael Sapiña GARCÍA lectured at the IPEC Universitat Politècnica de València about port management and multimodal transport. Currently, he works as the Chief Terminal Development Officer of YILPORT, a leading terminal operator.

Lamia Kerdjoudj-Belkaid
Secretary General, Federation of European Private Port Companies and Terminals (FEPORT), Belgium

Lamia Kerdjoudj-Belkaid has more than 25 years international experience in highly professional B2B environments such as oil, energy, shipping, road, logistics and international stakeholder management and lobbying in the perspective of achieving sustainable growth, strategic marketing, market intelligence and benchmarking, business development.

Tuesday 21 to Thursday 23 September 2021
Meet The Speakers

The Westin Valencia, Spain
Tuesday 5 to Thursday 7 October 2021

Mar Chao López
Operations Director, Puertos del Estados, Spain

A Civil Engineer from the University of A Coruña and a Law graduate from the Open University of Cataluña, Mar Chao López has an MBA from the Caissonica Business School (today, ISEIDE) and has completed her training with numerous degrees in maritime law, logistics and digital transformation. Among them, the titles of Maritime Law and Port Management from the University of A Coruña; Maritime Transport and Port Management by the Polytechnic University of Madrid; Logistics Management by Lloyd’s; Academy London, and Manager of the Transport of Goods and Transfers for the European Community. She speaks English, French, Galician and Portuguese and, currently, is a professor of the Master in Logistics and Transport of the University of A Coruña. Since the beginning, in 2001, Mar Chao López has developed her work in the port and logistics field, both in the public and private sectors. Until her incorporation as Director of Operations in Puertos del Estados, she served as Commercial and Business Development Director at the Port Authority of Valencia. Likewise, in the private sector, she has been General Director of the Rayer Group, a leading port services operator. In the public sector, she has worked for the Port Authority of A Coruña, as Head of the port services unit; and in the Vigo Port Authority, as Head of the port operations division and Head of the operations department. Between December 2006 and March 2009, she held the position of General Director of transport of the Xunta de Galicia, being a Councillor in the Ferrol Port Authority and assuming the presidency of Portos de Galicia.

Juan Manuel Díez Orejas
Strategic Planning and Innovation Director, Valenciaport, Spain

Juan Manuel Díez holds a PhD in Industrial Engineering and a MSc in Port Management and Intermodal Transport. He also holds a Diploma in Digital Business and Advanced Studies in Sustainability, Development and International Cooperation.
