

Falcon Cargo

Introduction

The national carrier of the Kingdom of Bahrain.

Flying since 1950.

One of the first commercial airlines established in the Middle East.

Proud tradition, service and brand that is respected internationally.

Network serves Middle East, Europe, Africa, Indian Subcontinent and Southeast Asia.

Fleet is mixture of Airbus and Boeing aircraft.

Title sponsor of the Formula 1 Bahrain Grand Prix ever since 2004 and official carrier of the Bahrain International Air Show since 2010.

Our hub

Bahrain International Airport is one of the most dynamic airports in the region. Our new terminal, opened in January 2021, has a capacity of 14 million passengers. Located in a central geographical location between USA, Europe and Asia and the Far East.

A group of ten airline staff members, including flight attendants in grey suits with teal scarves and a pilot in a white uniform, are posed in front of a building entrance. The scene is overlaid with a semi-transparent dark grey filter. A yellow decorative graphic, resembling a stylized wing or feather, is positioned above the text. A vertical yellow bar is located on the right side of the image.
