Healthcare

Industrial Energy

Semicon

Technology

AEROSPACE MARINE
INDUSTRIAL PARTS
ELECTRONICS AUTOMOTIVE
CHEMICAL HEALTHCARE
CONSUMER FASHION/RETAIL
PERISHABLES SEMICON/SOLAR
OIL&GAS BEVERAGES

Network business

- Size is key for a high supply density and for economies of scale when purchasing transport capacity
- Door-to-door solutions thanks to a global presence in more than 130 countries

Broad customer base

- Approximately 700,000 customers with a wide range of industries
- Large anchor customers and small/medium-sized customers

Asset-light business

- Own vehicles and swap bodies only in parts of land transport
- Predominately leased logistics locations
- Asset-light business model drives flexibility
