OFFICIATION OF MAIDEN CALL FROM MUARA PORT TO BEIBU

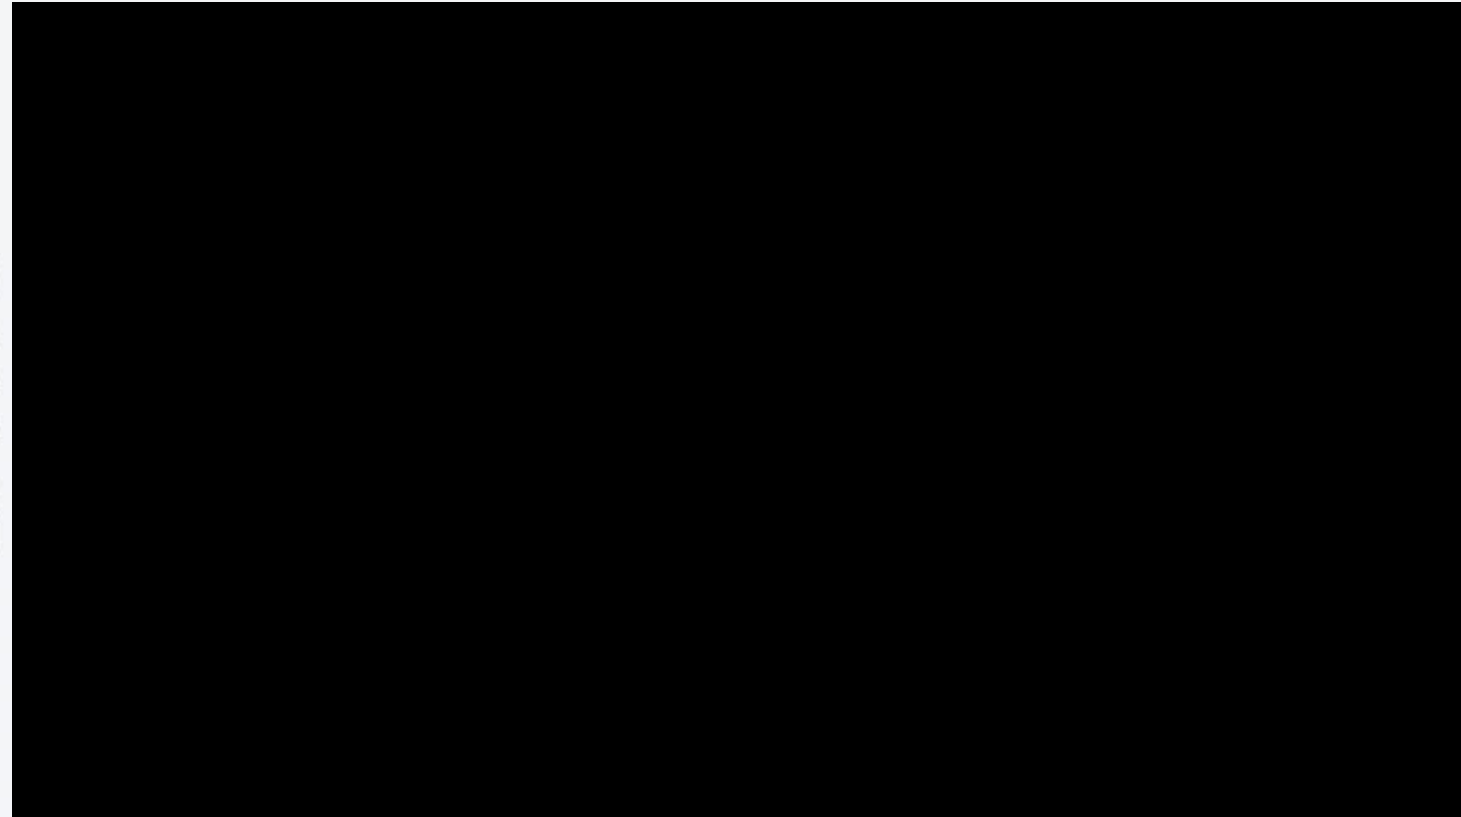

GULF PORT.

9th July 2023, MPC had its maiden container voyage from Muara Port to Beibu Gulf Port of China, marking a new shipping route between Brunei and China.

Initially servicing once monthly, service calls will be intensified to two callings a month with the increase in volume and demand with specialties transported from Brunei to Beibu Gulf Port include sliced shrimp, muskmelons, processed seafood, and cargo from Hengyi Industries Sdn Bhd

We stand and bear witness to the potential for increased trade, growth and connectivity. This is crucial to the development of Brunei's economy and BIMP-EAGA region as it will facilitate import and export and open new markets

Said Yang Berhormat Dato Seri Setia Dr Haji Mohd Amin Liew Abdullah

MPC as a medium

MPC AS A MEDIUM

With the Muara–Beibu Port connectivity, MPC plays a role as a medium for movement of cargo from BIMP EAGA to China, and vice versa.

This would promote investments and trade among these countries including Brunei, expand and provide opportunities as well as collaborations among BIMP–EAGA enterprises.

The objective is to spur businesses and attract more foreign direct investments (FDIs).
