WEBB FONTAINE

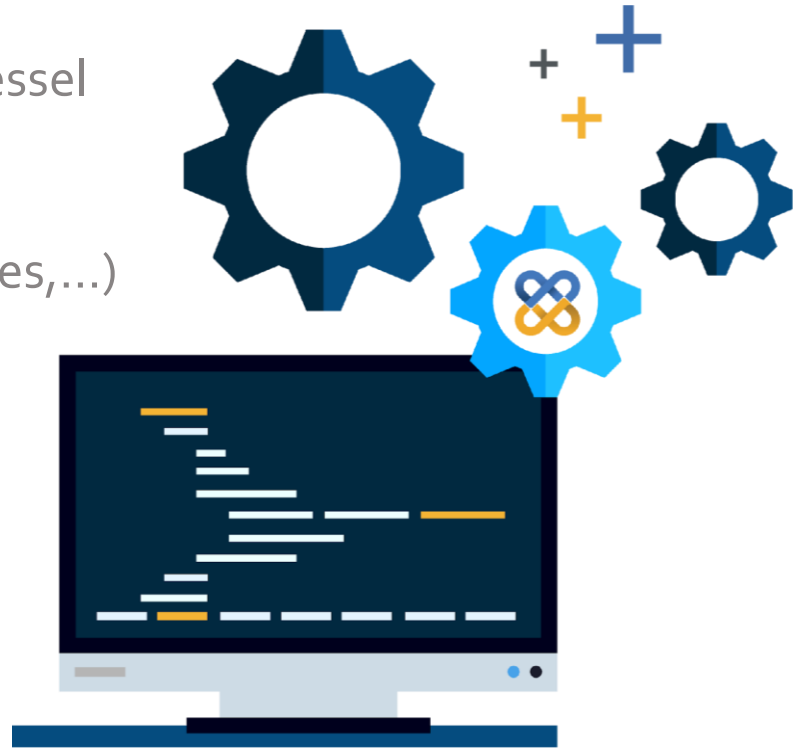
Benefits for Port Authority

- ✓ Fluidity and competitiveness of the port
  - Acceleration of cargo and vessels dwell time
  - Interfaces with other Stakeholders (Customs, Freight Forwarder, Vessel Owner (send & receive messages)
  - Dematerialization of documentation (manifest, movements, invoices,…)
  - Identification of trucks - access control at port gates
- ✓ Management of empty containers
- ✓ Billing and statistics assistance
- ✓ Guarantee and increase of incomes
- ✓ Customers and port community satisfaction



We’re building something big
